As a part of the training, students may ride-along with an officer on duty for one 4-hour shift.

*Note, sequencing may be changed to meet scheduling demands.

The 8-week Academy is designed to give citizen's an overview of the department's functions and procedures while providing a forum for the exchange of ideas and concerns relating to the Marshall community. However, the Academy is not designed to train the participants to perform any police services.

Academy classes are taught by departmental personnel and guest instructors. Participants will have a chance to meet with departmental members as well as local public safety and criminal justice personnel. They are always encouraged to express ideas, concerns and questions about any aspect of the department's operations or community role. Discussion must always remain civil.
